ROUTINE CARE INSTRUCTIONS For Somerset's Ultimate™ Finish

Somerset Hardwood Flooring features the latest in surface finishing technology. Somerset's Ultimate™ finish is an advanced UV urethane aluminum oxide finish. This combination produces a finish with exceptional wear resistance—so your floor will stay looking like new with minimal effort.

Routine Care

Sweep or vacuum your hardwood floor on a regular basis just as you would any floor covering.

Clean up spills with Somerset's Ultimate™ Wood Floor Cleaner which is specially formulated for the Ultimate finish. This product should also be used for general cleaning, as needed.

SOMERSET'S ULTIMATE™ WOOD FLOOR CLEANER

This cleaner is specially formulated for the easy care and maintenance of Somerset hardwood flooring. Your Somerset retailer may carry our cleaner, but if you are unable to find it locally, you can purchase directly from Somerset online. [>buy now](#)

PREVENTATIVE CARE

Hardwood flooring, unlike other types of floor coverings can be kept looking new, regardless of wear, with a minimum amount of effort. To protect against damage, just follow some basic, common sense guidelines. [>more](#)

Somerset's Specially Formulated Care Products

We recommend using Somerset floor care Products to maintain the beauty of your floor. Somerset's Ultimate™ Wood Floor Cleaner has been developed to protect and maintain the Ultimate™ finish. This cleaner has been specially-formulated for the easy cleaning and care of flooring in Somerset's Color, High Gloss, Homestyle, American Country, Character, Southern Antiques, Specialty, and Value Collections. The use of other products not formulated for your Somerset floor may damage your floor, and void the warranty ([see Somerset's Limited Warranty for complete details](#)).

Repair/Refinishing

Minor surface scratches can be repaired using the Somerset Touch-Up Kit designed for your floor color. Touch-Up Kits are available from the dealer or installer from whom you purchased your Somerset floor, or directly from Somerset.

Floors that have been damaged from years of wear and tear or neglect can be restored to their original beauty by a professional wood flooring finisher.

If your decorating needs change over the years, your floor can be refinished to a new color to complement your new decor. Again, we recommend this be done by a professional wood flooring finisher.

By properly caring for your floor and following basic preventative maintenance tips and common sense, you can keep your floor looking new for years, delaying and possibly eliminating the need for major refinishing or repair. When you make the decision to purchase Somerset Hardwood Flooring, you are making an investment that will last the lifetime of your home, giving you many years of enjoyment and adding value to your home.
